

Commonwealth of Virginia
Office of the Governor

Executive Order

SIXTH AMENDED NUMBER SEVENTY-TWO (2021)

AND

ORDER OF PUBLIC HEALTH EMERGENCY NINE

**FURTHER EASING OF COMMONSENSE SURGE RESTRICTIONS
DUE TO NOVEL CORONAVIRUS (COVID-19)**

Importance of the Issue

In December 2020, as case counts and positivity rates rose, Executive Order 72 imposed additional temporary restrictions to stem the surge of COVID-19 in the Commonwealth. Currently, Virginia's seven-day moving average of new COVID-19 cases is 1,348 per day, which is higher than at any point in the first nine months of the pandemic. Virginia's seven-day PCR percent test positivity rate is 6.1 percent. The statewide rate of COVID-19 ICU hospitalizations (2.8 per 100,000) is below the threshold of concern (3.5 per 100,000). The daily case incidence rate, however, is 15.8 per 100,000, which is above the threshold of concern (14.3 per 100,000). Cases have been decreasing for six days, but this is considered to be a fluctuating trend. Therefore, the health data makes it clear that Executive Order 72's temporary restrictions must largely remain in place a little longer. In addition, every Virginian must continue to practice measures that are proven to keep people safe: avoid gatherings with anyone outside your household, practice hand sanitation, maintain proper physical distance from others, stay home when possible, and wear masks while indoors and in public. We have to continue to work together to keep each other safe.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:
